

§ 648.3

Atlantic herring vessels, as required by this part.

VMS unit means a device installed on board a vessel used for vessel monitoring and transmitting the vessel's position as required by this part.

Weakfish means *Cynoscion regalis*.

Whiting means *Merluccius bilinearis*.

Whiting Monitoring Committee (WMC) means a team appointed by the NEFMC to review, analyze, and recommend adjustments to the management measures addressing small-mesh multispecies. The team consists of staff from the NEFMC and MAFMC, NMFS Northeast Regional Office, the NEFSC, the USCG, at least one industry representative from each geographical area (northern New England, southern New England, and the Mid-Atlantic), and no more than two representatives, appointed by the Commission, from affected states.

[61 FR 34968, July 3, 1996]

EDITORIAL NOTE: For FEDERAL REGISTER citations affecting § 648.2, see the List of CFR Sections Affected, which appears in the Finding Aids section of the printed volume and on GPO Access.

EFFECTIVE DATE NOTE: At 72 FR 51702, Sept. 11, 2007, § 648.2 was amended by adding the definitions for “Individual Transferable Quota (ITQ) Program” and “Mahogany Quahog” in alphabetical order, and the definition for “Vessel Monitoring System” was revised, effective Jan. 1, 2008. For the convenience of the user, the added and revised text is set forth as follows:

§ 648.2 Definitions.

* * * * *

Individual Transferable Quota (ITQ) Program means, for the Atlantic surfclam and ocean quahog fishery, the annual individual allocation of quota specified at § 648.70.

* * * * *

Mahogany Quahog see *Ocean Quahog*

* * * * *

Vessel Monitoring System (VMS) means a vessel monitoring system or VMS unit as set forth in § 648.9 and approved by NMFS for use on Atlantic sea scallop, NE multispecies, monkfish, Atlantic herring, and Atlantic

50 CFR Ch. VI (10–1–07 Edition)

surfclam and ocean quahog vessels, as required by this part.

* * * * *

§ 648.3 Relation to other laws.

(a) The relation of this part to other laws is set forth in § 600.705.

(b) Nothing in these regulations supersedes more restrictive state management measures for any of the species referenced in § 648.1 and, for Atlantic salmon, more restrictive local management measures.

§ 648.4 Vessel permits.

(a) *Fishery specific permit information*—(1) *NE multispecies vessels*. Except for vessels that have been issued a valid High Seas Fishing Compliance permit, have declared their intent to fish, and fish exclusively in the NAFO Regulatory Area as provided in § 648.17, any vessel of the United States, including a charter or party boat, must have been issued and have on board a valid multispecies permit to fish for, possess, or land multispecies finfish in or from the EEZ. Multispecies frames used as, or to be used as, bait on a vessel fishing exclusively with pot gear are deemed not to be multispecies finfish for purposes of this part provided that there is a receipt for the purchase of those frames on board the vessel.

(i) *Limited access multispecies permits*—(A) *Eligibility*. To be eligible to apply for a limited access NE multispecies permit, as specified in § 648.82, a vessel must have been issued a limited access NE multispecies permit for the preceding year, be replacing a vessel that was issued a limited access NE multispecies permit for the preceding year, or be replacing a vessel that was issued a confirmation of permit history; unless otherwise specified in this paragraph (a)(1)(i)(A). For the fishing year beginning May 1, 2004, a vessel may apply for a limited access Handgear A permit described in § 648.82(b)(6), if it meets the criteria described under paragraphs (a)(1)(i)(A)(I) and (2) of this section.

(I) The vessel must have been previously issued a valid NE multispecies open access Handgear permit during at least 1 fishing year during the fishing years 1997 through 2002; and

(2) The vessel must have landed and reported to NMFS at least 500 lb (226.8 kg) of cod, haddock, or pollock, when fishing under the open access Handgear permit in at least 1 of the fishing years from 1997 through 2002, as indicated by NMFS dealer records (live weight), submitted to NMFS prior to January 29, 2004.

(3) *Application/renewal restrictions.* The vessel owner must submit a complete application for an initial limited access handgear permit before May 1, 2005. For fishing years beyond the 2004 fishing year, the provisions of paragraph (a)(1)(i)(B) of this section apply.

(B) *Application/renewal restrictions.* All limited access or moratorium permits established under this section must be issued on an annual basis by the last day of the permit year for which the permit is required, unless a confirmation of permit history (CPH) has been issued as specified in paragraph (a)(1)(i)(J) of this section. If a vessel is issued more than one limited access or moratorium permit under this section, these permits will be regarded as a permit suite. Permit renewal or relinquishment must be made at the time the first permit application is submitted for a new permit year. Application for limited access or moratorium permits must be received no later than 30 days before the last day of the permit year of the earliest expiration date for any permit in the suite of such permits issued to the vessel. Failure to renew a limited access or moratorium permit in any permit year bars the renewal of the permit in subsequent years. Open access permits may not be issued to a vessel eligible to renew a limited access or moratorium permit until such time that the vessel's limited access or moratorium permit(s) are renewed or voluntarily relinquished pursuant to paragraph (a)(1)(i)(K) of this section, or otherwise transferred from the vessel.

(C) *Qualification restriction.* Unless the Regional Administrator determines otherwise, no more than one vessel may qualify, at any one time, for a limited access permit or CPH based on that or another vessel's fishing and permit history. If more than one vessel owner claims eligibility for a limited access permit or CPH, based on one

vessel's fishing and permit history, the Regional Administrator will determine who is entitled to qualify for the permit or CPH and any DAS allocation according to paragraph (a)(1)(i)(D) of this section.

(D) *Change in ownership.* The fishing and permit history of a vessel is presumed to transfer with the vessel whenever it is bought, sold, or otherwise transferred, unless there is a written agreement, signed by the transferor/seller and transferee/buyer, or other credible written evidence, verifying that the transferor/seller is retaining the vessel's fishing and permit history for purposes of replacing the vessel.

(E) *Replacement vessels.* With the exception of vessels that have obtained a limited access Handgear A permit described in § 648.82(b)(6), to be eligible for a limited access permit under this section, the replacement vessel must meet the following criteria and any other applicable criteria under paragraph (a)(1)(i)(F) of this section:

(1) The replacement vessel's horsepower may not exceed by more than 20 percent the horsepower of the vessel's baseline specifications, as applicable.

(2) The replacement vessel's length, GRT, and NT may not exceed by more than 10 percent the length, GRT, and NT of the vessel's baseline specifications, as applicable.

(F) *Upgraded vessel.* A vessel may be upgraded, whether through refitting or replacement, and be eligible to retain or renew a limited access permit, only if the upgrade complies with the following:

(1) The vessel's horsepower may be increased only once, whether through refitting or replacement. Such an increase may not exceed 20 percent of the horsepower of the vessel's baseline specifications, as applicable.

(2) The vessel's length, GRT, and NT may be increased only once, whether through refitting or replacement. Any increase in any of these three specifications of vessel size may not exceed 10 percent of the vessel's baseline specifications, as applicable. If any of these three specifications is increased, any increase in the other two must be performed at the same time. This type of

upgrade may be done separately from an engine horsepower upgrade.

(G) *Consolidation restriction.* Except as provided for in the NE Multispecies DAS Leasing Program, as specified in § 648.82(k), and the NE Multispecies DAS Transfer Program as specified in § 648.82(l), limited access permits and DAS allocations may not be combined or consolidated.

(H) *Vessel baseline specifications.* The vessel baseline specifications in this section are the respective specifications (length, GRT, NT, horsepower) of the vessel that was initially issued a limited access permit as of the date the initial vessel applied for such permit.

(I) *Limited access permit restrictions.* (1) A vessel may be issued a limited access NE multispecies permit in only one category during a fishing year. Vessels may not change limited access NE multispecies permit categories during the fishing year, except as provided in paragraph (a)(1)(i)(I)(2) of this section. A vessel issued a limited access NE multispecies Hook-gear permit or a limited access Handgear A permit may not change its limited access permit category at any time.

(2) The owner of a vessel issued a limited access multispecies permit may request a change in permit category, unless otherwise restricted by paragraph (a)(1)(i)(I)(1) of this section. The owner of a limited access multispecies vessel eligible to request a change in permit category must elect a category upon the vessel's permit application and will have one opportunity to request a change in permit category by submitting an application to the Regional Administrator within 45 days of the effective date of the vessel's permit. If such a request is not received within 45 days, the vessel owner may not request a change in permit category and the vessel permit category will remain unchanged for the duration of the fishing year. A vessel may not fish in more than one multispecies permit category during a fishing year.

(3) With the exception of combination vessels, sea scallop dredge vessels are not eligible for limited access multispecies permits.

(J) *Confirmation of permit history.* Notwithstanding any other provisions of this part, a person who does not cur-

rently own a fishing vessel, but who has owned a qualifying vessel that has sunk, been destroyed, or transferred to another person, must apply for and receive a CPH if the fishing and permit history of such vessel has been retained lawfully by the applicant. To be eligible to obtain a CPH, the applicant must show that the qualifying vessel meets the eligibility requirements, as applicable, in this part. Issuance of a valid CPH preserves the eligibility of the applicant to apply for a limited access permit for a replacement vessel based on the qualifying vessel's fishing and permit history at a subsequent time, subject to the replacement provisions specified in this section. If fishing privileges have been assigned or allocated previously under this part, based on the qualifying vessel's fishing and permit history, the CPH also preserves such fishing privileges. A CPH must be applied for in order for the applicant to preserve the fishing rights and limited access eligibility of the qualifying vessel. An application for a CPH must be received by the Regional Administrator no later than 30 days prior to the end of the first full fishing year in which a vessel permit cannot be issued. Failure to do so is considered abandonment of the permit as described in paragraph (a)(1)(i)(K) of this section. A CPH issued under this part will remain valid until the fishing and permit history preserved by the CPH is used to qualify a replacement vessel for a limited access permit. Any decision regarding the issuance of a CPH for a qualifying vessel that has applied for or been issued previously a limited access permit is a final agency action subject to judicial review under 5 U.S.C. 704. Information requirements for the CPH application are the same as those for a limited access permit. Any request for information about the vessel on the CPH application form refers to the qualifying vessel that has been sunk, destroyed, or transferred. Vessel permit applicants who have been issued a CPH and who wish to obtain a vessel permit for a replacement vessel based upon the previous vessel history may do so pursuant to paragraph (a)(1)(i)(E) of this section.

(K) *Abandonment or voluntary relinquishment of a limited access or moratorium permit.* If a vessel's limited access or moratorium permit for a particular fishery is voluntarily relinquished to the Regional Administrator or abandoned through failure to renew or otherwise, no limited access or moratorium permit for that fishery may be re-issued or renewed based on that vessel's limited access or moratorium permit history or to any other vessel relying on that vessel's limited access or moratorium permit history.

(L) *Restriction on permit splitting.* A limited access permit issued pursuant to this section may not be issued to a vessel or its replacement or remain valid, if the vessel's permit or fishing history has been used to qualify another vessel for another Federal fishery.

(M) *Appeal of denial of permit—(1) Eligibility.* Any applicant eligible to apply for a limited access multispecies Handgear A permit who is denied such permit may appeal the denial to the Regional Administrator within 30 days of the notice of denial. Any such appeal must be based on the grounds that the information used by the Regional Administrator was based on incorrect data, must be in writing, and must state the grounds for the appeal.

(2) *Appeal review.* The Regional Administrator will appoint a designee who will make the initial decision on the appeal. The appellant may request a review of the initial decision by the Regional Administrator by so requesting in writing within 30 days of the notice of the initial decision. If the appellant does not request a review of the initial decision within 30 days, the initial decision is the final administrative action of the Department of Commerce. Such review will be conducted by a hearing officer appointed by the Regional Administrator. The hearing officer shall make findings and a recommendation to the Regional Administrator, which shall be advisory only. Upon receiving the findings and the recommendation, the Regional Administrator will issue a final decision on the appeal. The Regional Administrator's decision is the final administrative action of the Department of Commerce.

(3) *Status of vessels pending appeal.* A vessel denied a limited access Handgear A multispecies permit may fish under the limited access multispecies Handgear A category, provided that the denial has been appealed, the appeal is pending, and the vessel has on board a letter from the Regional Administrator authorizing the vessel to fish under the limited access category. The Regional Administrator will issue such a letter for the pendency of any appeal. Any such decision is the final administrative action of the Department of Commerce on allowable fishing activity, pending a final decision on the appeal. The letter of authorization must be carried on board the vessel. If the appeal is finally denied, the Regional Administrator shall send a notice of final denial to the vessel owner; the authorizing letter becomes invalid 5 days after receipt of the notice of denial.

(ii) *Open access permits.* A vessel of the United States that has not been issued and is not eligible to be issued a limited access multispecies permit is eligible for and may be issued an "open access multispecies", "handgear", or "charter/party" permit, and may fish for, possess on board, and land multispecies finfish subject to the restrictions in §648.88. A vessel that has been issued a valid limited access scallop permit, but that has not been issued a limited access multispecies permit, is eligible for and may be issued an open access scallop multispecies possession limit permit and may fish for, possess on board, and land multispecies finfish subject to the restrictions in §648.88. The owner of a vessel issued an open access permit may request a different open access permit category by submitting an application to the Regional Administrator at any time.

(2) *Atlantic sea scallop vessels—* Any vessel of the United States that fishes for, possesses, or lands Atlantic sea scallops in quantities greater than 40 lb (18.14 kg) shucked, or 5 bu (176.2 L) of in-shell scallops per trip, except vessels that fish exclusively in state waters for scallops, must have been issued and carry on board a valid scallop permit.

(i) *Limited access scallop permits.* Any vessel of the United States that possesses or lands more than 400 lb (181.44

kg) of shucked, or the equivalent amount of in-shell scallops (50 bu (176.2 L)) per trip, except vessels that fish exclusively in state waters for scallops, must have been issued and carry on board a valid limited access scallop permit.

(A) *Eligibility.* To be eligible to apply for a limited access scallop permit, a vessel must have been issued a limited access scallop permit for the preceding year, be replacing a vessel that was issued a limited access scallop permit for the preceding year, or be replacing a vessel that was issued a confirmation of permit history.

(B) *Application/renewal restrictions.* See paragraph (a)(1)(i)(B) of this section.

(C) *Qualification restriction.* See paragraph (a)(1)(i)(C) of this section.

(D) *Change in ownership.* See paragraph (a)(1)(i)(D) of this section.

(E) *Replacement vessels.* See paragraph (a)(1)(i)(E) of this section.

(F) *Upgraded vessel.* See paragraph (a)(1)(i)(F) of this section.

(G) *Consolidation restriction.* See paragraph (a)(1)(i)(G) of this section.

(H) *Vessel baseline specifications.* See paragraph (a)(1)(i)(H) of this section.

(I) *Limited access permit restrictions.* A vessel may be issued a limited access scallop permit in only one category during a fishing year. The owner of a vessel issued a limited access scallop permit must elect a permit category upon the vessels permit application and will have one opportunity to request a change in permit category by submitting an application to the Regional Administrator within 45 days of the effective date of the vessel's permit. After this date, the vessel must remain in that permit category for the duration of the fishing year. Any DAS that a vessel uses prior to a change in permit category will be counted against its allocation received under any subsequent permit category.

(J) *Confirmation of Permit History.* See paragraph (a)(1)(i)(J) of this section.

(K) *Abandonment or voluntary relinquishment of permits.* See paragraph (a)(1)(i)(K) of this section.

(L) *Restriction on permit splitting.* See paragraph (a)(1)(i)(L) of this section.

(M) *Percentage ownership restrictions.*

(I) For any vessel acquired after March

1, 1994, a vessel owner is not eligible to be issued a limited access scallop permit for the vessel if the issuance of the permit will result in the vessel owner, or in any other person who is a shareholder or partner of the vessel owner, having an ownership interest in limited access scallop vessels in excess of 5 percent of the number of all limited access scallop vessels at the time of permit application.

(2) Vessel owners who were initially issued a 1994 limited access scallop permit or were issued or renewed a limited access scallop permit for a vessel in 1995 and thereafter, in compliance with the ownership restrictions in paragraph (a)(2)(i)(M)(I) of this section, are eligible to renew such permits(s), regardless of whether the renewal of the permits will result in the 5- percent ownership restriction being exceeded.

(3) Having an ownership interest includes, but is not limited to, persons who are shareholders in a vessel owned by a corporation, who are partners (general or limited) to a vessel owner, or who, in any way, partly own a vessel.

(N) [Reserved]

(O) *Replacement vessels.* See paragraph (a)(1)(i)(P) of this section.

(ii) *General scallop permit.* Any vessel of the United States that is not in possession of a limited access scallop permit, and that possesses, or lands per trip, 400 lb (181.44 kg) of shucked meats, or 50 bu (17.62 hL) of in-shell scallops, or less, except vessels that fish exclusively in state waters for scallops, must comply with one of the permit requirements described in paragraphs (a)(2)(ii)(A) or (B) of this section, unless otherwise exempted under paragraph (a)(2)(ii)(C) of this section, and must comply with the application procedures specified in paragraphs (a)(2)(ii)(D) and (E) of this section.

(A) *Non-VMS general scallop permit.* To possess or land up to, but not more than 40 lb (18.14 kg) of shucked or 5 bu (176.2 L) in-shell scallops per trip that are sold or are intended to be sold, a vessel must apply for and be issued a non-VMS general scallop permit. A vessel issued a non-VMS general scallop permit may not possess or land more than 40 lb (18.14 kg) of shucked or

5 bu (176.2 L) of in-shell scallops at any time.

(B) *VMS general scallop permit.* To possess or land more than 40 lb (18.14 kg) of shucked meats or 5 bu (176.2 L) of in-shell scallops, but no more than 400 lb (181.44 kg) of shucked meats, or 50 bu (17.62 hL) of in-shell scallops, a vessel must apply for and be issued a VMS general scallop permit. Issuance of a VMS general scallop permit requires the vessel owner to submit a copy of the vendor's installation receipt or provide verification of vendor activation from a NMFS-approved VMS vendor as described in § 648.9.

(C) *Vessels without general scallop permits.* No scallop permit is required for a vessel that possesses or lands up to 40 lb (18.14 kg) of shucked meats or 5 bu (176.2 L) of in-shell scallops per trip, provided such scallops are not, or are not intended to be, sold, traded or bartered.

(D) [Reserved]

(E) *General scallop permit restrictions.* A vessel may be issued a general scallop permit in only one category during a fishing year. The owners of a vessel issued a general scallop permit must elect a permit category upon the vessel's permit application and shall have one opportunity to request a change in its permit category by submitting an application to the Regional Administrator within 45 days of the effective date of the vessel's permit. After that date, the vessel must remain in that permit category for the duration of the fishing year.

(3) *Summer flounder vessels.* Any vessel of the United States that fishes for or retains summer flounder in the EEZ must have been issued and carry on board a valid summer flounder permit, except for vessels other than party or charter vessels that observe the possession limit set forth in § 648.105.

(i) *Moratorium permits—(A) Eligibility.* To be eligible to apply for a moratorium permit to fish for and retain summer flounder in excess of the possession limit in § 648.105 in the EEZ, a vessel must have been issued a summer flounder moratorium permit for the preceding year, be replacing a vessel that was issued a moratorium permit for the preceding year, or be replacing

a vessel that was issued a confirmation of permit history.

(B) *Application/renewal restriction.* See paragraph (a)(1)(i)(B) of this section.

(C) *Qualification restriction.* See paragraph (a)(1)(i)(C) of this section.

(D) *Change in ownership.* See paragraph (a)(1)(i)(D) of this section.

(E) *Replacement vessels.* See paragraph (a)(1)(i)(E) of this section.

(F) *Upgraded vessel.* See paragraph (a)(1)(i)(F) of this section.

(G) *Consolidation restriction.* See paragraph (a)(1)(i)(G) of this section.

(H) *Vessel baseline specifications.* The vessel baseline specifications in this section are the respective specifications (length, GRT, NT, horsepower) of the vessel as of March 22, 1999, unless the vessel is in the process of construction or rerigging or under agreement or written contract for construction or rerigging, as of the effective baseline specification date in which case the baseline specifications will be established no later than February 19, 2000.

(I) [Reserved]

(J) *Confirmation of permit history.* See paragraph (a)(1)(i)(J) of this section.

(K) *Abandonment or voluntary relinquishment of permits.* See paragraph (a)(1)(i)(K) of this section.

(L) *Restriction on permit splitting.* See paragraph (a)(1)(i)(L) of this section.

(ii) *Party and charter boat permits.* Any party or charter boat is eligible for a permit to fish for summer flounder, other than a summer flounder moratorium permit, if it is carrying passengers for hire. Such vessel must observe the possession limits specified in § 648.105.

(iii) *Exemption permits.* Owners of summer flounder vessels seeking an exemption from the minimum mesh requirement under the provisions of § 648.104(b)(1) must request a letter of authorization (LOA) from the Regional Administrator. Vessels must be enrolled in the exemption program for a minimum of 7 days. The Regional Administrator may impose temporary additional procedural requirements by publishing a notification in the FEDERAL REGISTER. If a summer flounder charter or party requirement of this part differs from a summer flounder charter or party management measure required by a state, any vessel owners

or operators fishing under the terms of a summer flounder charter/party vessel permit in the EEZ for summer flounder must comply with the more restrictive requirement while fishing in state waters, unless otherwise authorized under § 648.107.

(4) *Surf clam and ocean quahog vessels.* Any vessel of the United States that fishes for surf clams or ocean quahogs, except vessels taking surf clams and ocean quahogs for personal use or fishing exclusively within state waters, must have been issued and carry on board a valid surf clam or ocean quahog permit, respectively.

(i) *Maine mahogany quahog permit.* (A) A vessel is eligible for a Maine mahogany quahog permit to fish for ocean quahogs in the Maine mahogany quahog zone if it meets the following eligibility criteria in paragraphs (a)(1) and (a)(2) of this section, and an application for a Maine mahogany quahog permit is submitted by May 19, 1999. After May 19, 1999, to be eligible to apply for a Maine mahogany quahog permit, a vessel must have been issued a Maine mahogany quahog permit for the preceding year, be replacing a vessel that was issued a Maine mahogany quahog permit for the preceding year, or be replacing a vessel that was issued a confirmation of permit history.

(1) The vessel was issued a Federal Maine Mahogany Quahog Experimental Permit during one of the experimental fisheries authorized by the Regional Administrator between September 30, 1990, and September 30, 1997; and,

(2) The vessel landed at least one Maine bushel of ocean quahogs from the Maine mahogany quahog zone as documented by fishing or shellfish logs submitted to the Regional Administrator prior to January 1, 1998.

(B) *Application/renewal restriction.* See paragraph (a)(1)(i)(B) of this section.

(C) *Qualification restriction.* See paragraph (a)(1)(i)(C) of this section.

(D) *Change in ownership.* See paragraph (a)(1)(i)(D) of this section.

(E) *Replacement vessels.* See paragraph (a)(1)(i)(E) of this section.

(F) *Upgraded vessel.* See paragraph (a)(1)(i)(F) of this section.

(G) *Consolidation restriction.* See paragraph (a)(1)(i)(G) of this section.

(H) *Vessel baseline specifications.* See paragraph (a)(3)(i)(H) of this section.

(I) [Reserved]

(J) *Confirmation of permit history.* See paragraph (a)(1)(i)(J) of this section.

(K) *Abandonment or voluntary relinquishment of permits.* See paragraph (a)(1)(i)(K) of this section.

(L) *Restriction on permit splitting.* See paragraph (a)(1)(i)(L) of this section.

(M) *Appeal of denial of a permit.* (1) Any applicant denied a Maine mahogany quahog permit may appeal to the Regional Administrator within 30 days of the notice of denial. Any such appeal shall be in writing. The only ground for appeal is that the Regional Administrator's designee erred in concluding that the vessel did not meet the criteria in paragraph (a)(4)(i)(A) of this section. The appeal must set forth the basis for the applicant's belief that the decision of the Regional Administrator's designee was made in error.

(2) The appeal may be presented, at the option of the applicant, at a hearing before an officer appointed by the Regional Administrator.

(3) The hearing officer shall make a recommendation to the Regional Administrator.

(4) The Regional Administrator will make a final decision based on the criteria in paragraph (a)(4)(i)(A) of this section and on the available record, including any relevant documentation submitted by the applicant and, if a hearing is held, the recommendation of the hearing officer. The decision on the appeal by the Regional Administrator is the final decision of the Department of Commerce.

(ii) [Reserved]

(5) *Mackerel, squid, and butterfish vessels.* Any vessel of the United States, including party and charter vessels, must have been issued and carry on board a valid vessel permit to fish for, possess, or land Atlantic mackerel, squid, or butterfish in or from the EEZ.

(i) *Loligo squid/butterfish and Illex squid moratorium permits Illex squid moratorium is in effect until July 1, 2009).*

(A) *Eligibility.* To be eligible to apply for a moratorium permit to fish for and retain *Loligo* squid, butterfish, or *Illex* squid in excess of the incidental catch allowance in paragraph (a)(5)(ii) of this section in the EEZ, a vessel must have

been issued a *Loligo* squid and butterflyfish moratorium permit or *Illex* squid moratorium permit, as applicable, for the preceding year, be replacing a vessel that was issued a moratorium permit for the preceding year, or be replacing a vessel that was issued a confirmation of permit history.

(B) *Application/renewal restriction*. See paragraph (a)(1)(i)(B) of this section.

(C) *Qualification restriction*. See paragraph (a)(1)(i)(C) of this section.

(D) *Change in ownership*. See paragraph (a)(1)(i)(D) of this section.

(E) *Replacement vessels*. See paragraph (a)(1)(i)(E) of this section.

(F) *Upgraded vessel*. See paragraph (a)(1)(i)(F) of this section.

(G) *Consolidation restriction*. See paragraph (a)(1)(i)(G) of this section.

(H) *Vessel baseline specifications*. See paragraph (a)(3)(i)(H) of this section.

(I) [Reserved]

(J) *Confirmation of permit history*. See paragraph (a)(1)(i)(J) of this section.

(K) *Abandonment or voluntary relinquishment of permits*. See paragraph (a)(1)(i)(K) of this section.

(L) *Restriction on permit splitting*. See paragraph (a)(1)(i)(L) of this section.

(ii) *Squid/butterfish incidental catch permit*. Any vessel of the United States may obtain a permit to fish for or retain up to 2,500 lb (1.13 mt) of *Loligo* squid or butterflyfish, or up to 10,000 lb (4.54 mt) of *Illex* squid, as an incidental catch in another directed fishery. The incidental catch allowance may be revised by the Regional Administrator based upon a recommendation by the Council following the procedure set forth in § 648.21.

(iii) *Atlantic mackerel permit*. Any vessel of the United States may obtain a permit to fish for or retain Atlantic mackerel in or from the EEZ, except for vessels that exceed either 165 feet in length overall (LOA) and 750 gross registered tons, or a shaft horsepower of 3000 shp. Vessels that exceed the size or horsepower restrictions may seek to obtain an at-sea processing permit specified under § 648.6(a)(2).

(iv) *Party and charter boat permits*. The owner of any party or charter boat must obtain a permit to fish for or retain in or from the EEZ mackerel, squid, or butterflyfish while carrying passengers for hire.

(6) *Scup vessels*. Beginning on January 1, 1997, and subject to the eligibility requirements specified in paragraphs (a)(6)(i) and (a)(6)(ii) of this section, the owner of a vessel of the United States, including a party or charter vessel, must obtain a permit issued under this part to fish for or retain scup for sale, barter or trade, in or from the EEZ north of 35°15.3' N. lat. Any vessel, other than a party or charter boat, that observes the possession limit restrictions established pursuant to, and the prohibition on sale specified in, § 648.125 is exempt from the permit requirement.

(i) *Moratorium permit*—(A) *Eligibility*. To be eligible to apply for a moratorium permit to fish for and retain scup, a vessel must have been issued a scup moratorium permit for the preceding year, be replacing a vessel that was issued a scup moratorium permit for the preceding year, or be replacing a vessel that was issued a confirmation of permit history.

(B) *Application/renewal restriction*. See paragraph (a)(1)(i)(B) of this section.

(C) *Qualification restriction*. See paragraph (a)(1)(i)(C) of this section.

(D) *Change in ownership*. See paragraph (a)(1)(i)(D) of this section.

(E) *Replacement vessels*. See paragraph (a)(1)(i)(E) of this section.

(F) *Upgraded vessel*. See paragraph (a)(1)(i)(F) of this section.

(G) *Consolidation restriction*. See paragraph (a)(1)(i)(G) of this section.

(H) *Vessel baseline specifications*. See paragraph (a)(3)(i)(H) of this section.

(I) [Reserved]

(J) *Confirmation of permit history*. See paragraph (a)(1)(i)(J) of this section.

(K) *Abandonment or voluntary relinquishment of permits*. See paragraph (a)(1)(i)(K) of this section.

(L) *Restriction on permit splitting*. See paragraph (a)(1)(i)(L) of this section.

(ii) *Party and charter boat permit*. Any party or charter boat is eligible for a permit to fish for scup, other than a scup moratorium permit, if it is carrying passengers for hire. Such vessel must observe the possession limits established pursuant to, and the prohibitions on sale specified in, § 648.125.

(7) *Black sea bass vessels*. Beginning June 1, 1997, any vessel of the United States that fishes for or retains black

sea bass in or from the EEZ north of 35°15.3' N. lat., the latitude of Cape Hatteras Light, NC, must have been issued and carry on board a valid black sea bass moratorium permit, except for vessels other than party or charter vessels that observe the possession limit established pursuant to § 648.145.

(i) *Moratorium permits*—(A) *Eligibility*. To be eligible to apply for a moratorium permit to fish for and retain black sea bass in excess of the possession limit established pursuant to § 648.145 in the EEZ north of 35°15.3' N. Lat., the latitude of Cape Hatteras Light, NC, a vessel must have been issued a black sea bass moratorium permit for the preceding year, be replacing a vessel that was issued a black sea bass moratorium permit for the preceding year, or be replacing a vessel that was issued a confirmation of permit history.

(B) *Application/renewal restrictions*. See paragraph (a)(1)(i)(B) of this section.

(C) *Qualification restriction*. See paragraph (a)(1)(i)(C) of this section.

(D) *Change in ownership*. See paragraph (a)(1)(i)(D) of this section.

(E) *Replacement vessels*. See paragraph (a)(1)(i)(E) of this section.

(F) *Upgraded vessel*. See paragraph (a)(1)(i)(F) of this section.

(G) *Consolidation restriction*. See paragraph (a)(1)(i)(G) of this section.

(H) *Vessel baseline specifications*. See paragraph (a)(3)(i)(H) of this section.

(I) [Reserved]

(J) *Confirmation of permit history*. See paragraph (a)(1)(i)(J) of this section.

(K) *Abandonment or voluntary relinquishment of permits*. See paragraph (a)(1)(i)(K) of this section.

(L) *Restriction on permit splitting*. See paragraph (a)(1)(i)(L) of this section.

(ii) *Party and charter boat permit*. The owner of any party or charter boat must obtain a permit to fish for or retain black sea bass in or from U.S. waters of the western Atlantic Ocean from 35°15.3' N. lat., the latitude of Cape Hatteras Light, NC, northward to the U.S.-Canada border, while carrying passengers for hire.

(8) *Atlantic bluefish vessels*.—(i) *Commercial*. Any vessel of the United States including party and charter boats not carrying passengers for hire, that

fishes for, possesses, or lands Atlantic bluefish in or from the EEZ in excess of the recreational possession limit specified at § 648.164 must have been issued and carry on board a valid commercial bluefish vessel permit.

(ii) *Party and charter vessels*. Any party or charter boat must have been issued and carry on board a valid party or charter boat permit to fish for, possess, or land Atlantic bluefish in or from the EEZ if it is carrying passengers for hire. Persons on board such vessel must observe the possession limits established pursuant to § 648.164, and the prohibitions on sale specified in § 648.14(w).

(9) *Monkfish vessels*. Any vessel of the United States, including a charter or party boat, must have been issued and have on board a valid monkfish permit to fish for, possess, or land any monkfish in or from the EEZ.

(i) *Limited access monkfish permits*.—(A) *Eligibility*. A vessel may be issued a limited access monkfish permit if it meets any of the following limited access monkfish permits criteria:

(1) *Category A permit (vessels without NE multispecies or scallop limited access DAS permits)*. The vessel landed at least 50,000 lb (22,680 kg) tail-weight or 166,000 lb (75,297.6 kg) whole weight of monkfish between February 28, 1991, and February 27, 1995;

(2) *Category B permit (vessels less than 51 gross registered tonnage (GRT) without NE multispecies or scallop limited access DAS permits that do not qualify for a Category A permit)*. The vessel landed at least 7,500 lb (3,402 kg) tail-weight or 24,900 lb (11,294.6 kg) whole weight of monkfish between February 28, 1991, and February 27, 1995;

(3) *Category C permit (vessels with NE multispecies or scallop limited access DAS permits)*. The vessel landed at least 50,000 lb (22,680 kg) tail-weight or 166,000 lb (75,297.6 kg) whole weight of monkfish between February 28, 1991, and February 27, 1995; or

(4) *Category D permit (all vessels with NE multispecies limited access DAS permits and vessels less than 51 GRT with scallop limited access DAS permits that do not qualify for a Category C permit)*. The vessel landed at least 7,500 lb (3,402 kg) tail-weight or 24,900 lb (11,294.6 kg)

whole weight of monkfish between February 28, 1991, and February 27, 1995.

(5) *Category F permit (vessels electing to participate in the Offshore Fishery Program).* To fish in the Offshore Fishery Program, as described under § 648.95, vessels must apply for and be issued a Category F permit and fish under this permit category for the entire fishing year. The owner of a vessel, or authorized representative, may change the vessel's limited access monkfish permit category within 45 days of the effective date of the vessel's permit, provided the vessel has not fished under the monkfish DAS program during that fishing year. If such a request is not received within 45 days, the vessel owner may not request a change in permit category and the vessel's permit category will remain unchanged for the duration of the fishing year.

(6) *Category G permit (vessels restricted to fishing south of 38°20' N. lat. as described in § 648.92(b)(9) that do not qualify for a monkfish limited access Category A, B, C, or D permit).* The vessel landed at least 50,000 lb (22,680 kg) tail weight or 166,000 lb (75,296 kg) whole weight of monkfish in the area south of 38°00' N. lat. during the period March 15 through June 15 in the years 1995 to 1998.

(7) *Category H permit (vessels restricted to fishing south of 38°20' N. lat. as described in § 648.92(b)(9) that do not qualify for a monkfish limited access Category A, B, C, D, or G permit).* The vessel landed at least 7,500 lb (3,402 kg) tail weight or 24,900 lb (11,294 kg) whole weight of monkfish in the area south of 38°00' N. lat. during the period March 15 through June 15 in the years 1995 to 1998.

(8) *Category G permit (vessels restricted to fishing south of 38°40' N. lat. as described in § 648.92(b) that do not qualify for a limited access monkfish Category A, B, C, or D permit).* The vessel landed at least 50,000 lb (22,680 kg) tail weight or 166,000 lb (75,296 kg) whole weight of monkfish in the area south of 38°00' N. lat. during the period March 15 through June 15 in the years 1995 to 1998.

(9) *Category H permit (vessels restricted to fishing south of 38°40' N. lat. as described in § 648.92(b) that do not qualify for a limited access monkfish Category A, B, C, or D permit).* The vessel landed at least 7,500 lb (3,402 kg) tail weight or

24,900 lb (11,294 kg) whole weight of monkfish in the area south of 38°00' N. lat. during the period March 15 through June 15 in the years 1995 to 1998.

(B) *Application/renewal restrictions.* No one may apply for an initial limited access monkfish permit for a vessel after November 7, 2000, unless otherwise allowed in this paragraph (a)(9)(i)(B). Vessels applying for an initial limited access Category G or H permit, as described in paragraphs (a)(9)(i)(A)(6) and (7) of this section, must do so on or before April 30, 2006.

(C) *Qualification restrictions.* (1) See paragraph (a)(1)(i)(C) of this section.

(2) *Vessels under agreement for construction or under reconstruction.* A vessel may be issued a limited access monkfish permit if the vessel was under written agreement for construction or reconstruction between February 28, 1994, and February 27, 1995, and such vessel meets any of the qualification criteria regarding amount of landings as stated in paragraph (a)(9)(i)(A) of this section between February 28, 1991, and February 27, 1996.

(D) *Change in ownership.* (1) See paragraph (a)(1)(i)(D) of this section.

(2) A vessel may be issued a limited access monkfish permit if it was under written agreement for purchase as of February 27, 1995 and meets any of the qualification criteria regarding amount of landings as stated in paragraph (a)(9)(i)(A) of this section between February 28, 1991, and February 27, 1996.

(E) *Replacement vessels.* (1) See paragraph (a)(1)(i)(E) of this section.

(2) A vessel ≥51 GRT that lawfully replaced a vessel <51 GRT between February 27, 1995, and October 7, 1999, that meets the qualification criteria set forth in paragraph (a)(9)(i)(A) of this section, but exceeds the 51 GRT vessel size qualification criteria as stated in paragraph (a)(9)(i)(A)(2) or (4) of this section, may qualify for and fish under the permit category for which the replaced vessel qualified.

(3) A vessel that replaced a vessel that fished for and landed monkfish between February 28, 1991, and February 27, 1995, may use the replaced vessel's history in lieu of or in addition to such vessel's fishing history to meet the

qualification criteria set forth in paragraph (a)(9)(i)(A)(I), (2), (3), or (4) of this section, unless the owner of the replaced vessel retained the vessel's permit or fishing history, or such vessel no longer exists and was replaced by another vessel according to the provisions in paragraph (a)(1)(i)(D) of this section.

(4) A vessel that replaced a vessel that fished for and landed monkfish between March 15 through June 15 in the years 1995 through 1998, may use the replaced vessel's history in lieu of, or in addition to, such vessel's fishing history to meet the qualification criteria set forth in paragraphs (a)(9)(i)(A)(6) and (7) of this section, unless the owner of the replaced vessel retained the vessel's permit or fishing history, or such vessel no longer exists and was replaced by another vessel according to the provision of paragraph (a)(1)(i)(D) of this section.

(F) *Upgraded vessel.* (1) See paragraph (a)(1)(i)(F) of this section.

(2) A vessel ≥51 GRT that upgraded from a vessel size <51 GRT between February 27, 1995, and October 7, 1999, that meets any of the qualification criteria set forth in paragraph (a)(9)(i)(A) of this section, but exceeds the 51 GRT vessel size qualification criteria as stated in paragraphs (a)(9)(i)(A)(2) and (4) of this section, may qualify for and fish under the permit category of the smaller vessel.

(G) *Consolidation restriction.* See paragraph (a)(1)(i)(G) of this section.

(H) *Vessel baseline specification.* See paragraph (a)(1)(i)(H) of this section.

(I) [Reserved]

(J) *Confirmation of permit history.* See paragraph (a)(1)(i)(J) of this section.

(K) *Abandonment or voluntary relinquishment of permits.* See paragraph (a)(1)(i)(K) of this section.

(L) *Restriction on permit splitting.* A limited access monkfish permit may not be issued to a vessel or to its replacement, or remain valid, if the vessel's permit or fishing history has been used to qualify another vessel for another Federal fishery.

(M) *Notification of eligibility for Category G and H permits.* (1) NMFS will attempt to notify all owners of vessels for which NMFS has credible evidence available to inform them that they

meet the qualification criteria described in paragraph (a)(9)(i)(A)(6) or (7) of this section and that they qualify for a limited access monkfish Category G or H permit. Vessel owners that pre-qualify for a Category G or H permit must apply for the limited access permit for which they pre-qualified on or before April 30, 2006, to meet the qualification requirements.

(2) If a vessel owner has not been notified that the vessel is eligible to be issued a limited access monkfish Category G or H permit, and the vessel owner believes that there is credible evidence that the vessel does qualify under the pertinent criteria, the vessel owner may apply for a limited access monkfish Category G or H permit on or before April 30, 2006, by submitting written evidence that the vessel meets the qualification requirements described in paragraph (a)(9)(i)(A)(6) or (7) of this section.

(N) *Appeal of denial of permit.* (1) An applicant denied a limited access monkfish Category G or H permit may appeal to the Regional Administrator within 30 days of the notice of denial. Any such appeal shall be in writing. The only ground for appeal is that the Regional Administrator erred in concluding that the vessel did not meet the criteria described in paragraph (a)(9)(i)(A)(6) or (7) of this section. The appeal shall set forth the applicant's belief that the Regional Administrator made an error.

(2) The appeal may be presented, at the option of the applicant, at a hearing before an officer appointed by the Regional Administrator. The hearing officer shall make a recommendation to the Regional Administrator. The Regional Administrator's decision on the appeal is the final decision of the Department of Commerce.

(3) *Status of vessels pending appeal.* (i) A vessel denied a limited access monkfish Category G or H permit may fish under the monkfish DAS program, provided that the denial has been appealed, the appeal is pending, and the vessel has on board a letter from the Regional Administrator authorizing the vessel to fish under the monkfish

DAS program. The letter of authorization must be carried on board the vessel. A vessel with such a letter of authorization shall not exceed the annual allocation of monkfish DAS as specified in § 648.92(b)(1) and must report the use of monkfish DAS according to the provisions of § 648.10(b) or (c), whichever applies. If the appeal is finally denied, the Regional Administrator shall send a notice of final denial to the vessel owner; the letter authorizing temporary participation in the monkfish fishery shall become invalid 5 days after receipt of the notice of denial, but no later than 10 days from the date of the denial letter. If the appeal is approved, any DAS used during pendency of the appeal shall be deducted from the vessel's annual allocation of monkfish DAS for that fishing year.

(ii) *Monkfish incidental catch vessels (Category E)*. A vessel of the United States that is subject to these regulations and that has not been issued a limited access monkfish permit under paragraph (a)(9)(i)(A) of this section, is eligible for and may be issued a monkfish incidental catch (Category E) permit to fish for, possess, or land monkfish subject to the restrictions in § 648.94(c).

(ii) [Reserved]

(10) *Atlantic herring vessels*—(i) Except as provided herein, any vessel of the United States must have been issued and have on board a valid Atlantic herring permit to fish for, possess, or land Atlantic herring in or from the EEZ. This requirement does not apply to the following:

(A) A vessel that possesses herring solely for its use as bait, providing the vessel does not use or have on board purse seine, mid-water trawl, pelagic gillnet, sink gillnet, or bottom trawl gear on any trip in which herring is fished for, possessed, or landed, and does not transfer, sell, trade, or barter such herring;

(B) A skiff or other similar craft used exclusively to deploy the net in a purse seine operation during a fishing trip of a vessel that is duly permitted under this part; or

(C) At-sea processors that do not harvest fish, provided that at-sea processor vessels are issued the at-sea proc-

essor permit specified under § 648.6(a)(2).

(ii) *Atlantic herring carrier*. An Atlantic herring carrier must have been issued and have on board a herring permit and a letter of authorization to receive and transport Atlantic herring caught by another permitted fishing vessel. The letter of authorization exempts such a vessel from the VMS and IVR vessel reporting requirements as specified in § 648.7 and subpart K of this part, except as otherwise required by this part. An Atlantic herring carrier vessel must request and obtain a letter of authorization from the Regional Administrator, and must report all herring carried from each vessel on a given trip in its Fishing Vessel Trip Report. The Fishing Vessel Trip Report must include the vessel name. Carrier vessels under a letter of authorization may not conduct fishing activities except for purposes of transport or possess any fishing gear on board the vessel; must be used exclusively as an Atlantic herring carrier vessel; and must carry observers if required by NMFS. There is a minimum enrollment period of 7 calendar days. While operating under a valid LOA, such vessels are exempt from any herring possession limits associated with the herring vessel permit categories. Herring carrier vessels under an LOA may not possess, transfer, or land any species except for Atlantic herring, except that they may possess Northeast multispecies transferred by vessels issued either an All Areas Limited Access Herring Permit and/or an Areas 2 and 3 Limited Access Herring Permit, consistent with the applicable possession limits for such vessels.

(iii) *Vessel size limitation*. A vessel of the United States is eligible for and may be issued an Atlantic herring permit to fish for, possess, or land Atlantic herring in or from the EEZ, except for any vessel that is ≥ 165 ft (50.3 m) in length overall (LOA), or > 750 GRT (680.4 mt), or the vessel's total main propulsion machinery is $> 3,000$ horsepower. Vessels that exceed the size or horsepower restrictions are eligible to be issued an at-sea processing permit specified under § 648.6(a)(2)(ii).

(iv) *Limited access herring permits*. (A) A vessel of the United States that

fishes for, possesses, or lands more than 6,600 lb (3 mt) of herring, except vessels that fish exclusively in state waters for herring, must have been issued and carry on board one of the limited access herring permits described in paragraphs (a)(10)(iv)(A)(1)–(3) of this section, including both vessels engaged in pair trawl operations.

(1) *All Areas Limited Access Herring Permit.* A vessel may fish for, possess, and land unlimited amounts of herring from all herring areas, provided the vessel qualifies for and has been issued this permit, subject to all other regulations of this part.

(2) *Areas 2 and 3 Limited Access Herring Permit.* A vessel may fish for, possess, and land unlimited amounts of herring from herring Areas 2 and 3, provided the vessel qualifies for and has been issued this permit, subject to all other regulations of this part.

(3) *Limited Access Incidental Catch Herring Permit.* (i) A vessel that does not qualify for either of the permits specified in paragraphs (a)(10)(iv)(A)(1) and (2) of this section may fish for, possess, and land up to 55,000 lb (25 mt) of herring from any herring area, provided the vessel qualifies for and has been issued this permit, subject to all other regulations of this part.

(ii) A vessel that does not qualify for an All Areas Limited Access Herring Permit specified in paragraph (a)(10)(iv)(A)(1) of this section, but qualifies for the Areas 2 and 3 Limited Access Herring Permit specified in paragraph (a)(10)(iv)(A)(2) of this section, may fish for, possess, and land up to 55,000 lb (25 mt) of herring from Area 1, provided the vessel qualifies for and has been issued this permit, subject to all other regulations of this part.

(B) *Eligibility for All Areas and Areas 2 and 3 Limited Access Herring Permits, and Confirmation of Permit History (CPH).* A vessel is eligible for and may be issued either an All Areas or Areas 2 and 3 Limited Access Herring Permit if it meets the permit history criteria in paragraph (a)(10)(iv)(B)(1) of this section and the relevant landing requirements in paragraphs (a)(10)(iv)(B)(2) and (3) of this section.

(1) *Permit history criteria for All Areas and Areas 2 and 3 Permits.* (i) The vessel must have been issued a Federal her-

ring permit (Category 1 or 2) that was valid as of November 10, 2005; or

(ii) The vessel is replacing a vessel that was issued a Federal herring permit (Category 1 or 2) between November 10, 2003, and November 9, 2005. To qualify as a replacement vessel, the replacement vessel and the vessel being replaced must both be owned by the same vessel owner; or, if the vessel being replaced was sunk or destroyed, the vessel owner must have owned the vessel being replaced at the time it sunk or was destroyed; or, if the vessel being replaced was sold to another person, the vessel owner must provide a copy of a written agreement between the buyer of the vessel being replaced and the owner/seller of the vessel, documenting that the vessel owner/seller retained the herring permit and all herring landings history.

(2) *Landings criteria for the All Areas Limited Access Herring Permit.* (i) The vessel must have landed at least 500 mt of herring in any one calendar year between January 1, 1993, and December 31, 2003, as verified by dealer reports submitted to NMFS or documented through valid dealer receipts, if dealer reports were not required by NMFS. In those cases where a vessel has sold herring but there are no required dealer receipts, e.g., transfers of bait at sea and border transfers, the vessel owner can submit other documentation that documents such transactions and proves that the herring thus transferred should be added to their landings history. The owners of vessels that fished in pair trawl operations may provide landings information as specified in paragraph (a)(10)(iv)(B)(2)(iii) of this section. Landings made by a vessel that is being replaced may be used to qualify a replacement vessel consistent with the requirements specified in paragraph (a)(10)(iv)(B)(1)(ii) of this section and the permit splitting prohibitions in paragraph (a)(10)(iv)(N) of this section.

(ii) *Extension of eligibility period for landings criteria for vessels under construction, reconstruction, or purchase contract.* An applicant who submits written evidence that a vessel was under construction, reconstruction, or

was under written contract for purchase as of December 31, 2003, may extend the period for determining landings specified in paragraph (a)(10)(iv)(B)(2)(i) of this section through December 31, 2004.

(iii) Landings criteria for vessels using landings from pair trawl operations. To qualify for a limited access permit using landings from pair trawl operations, the owners of the vessels engaged in that operation must agree on how to divide such landings between the two vessels and apply for the permit jointly, as verified by dealer reports submitted to NMFS or valid dealer receipts, if dealer reports were not required by NMFS.

(3) *Landings criteria for the Areas 2 and 3 Limited Access Herring Permit.* (i) The vessel must have landed at least 250 mt of herring in any one calendar year between January 1, 1993, and December 31, 2003, as verified by dealer reports submitted to NMFS or documented through valid dealer receipts, if dealer reports were not required by NMFS. In those cases where a vessel has sold herring but there are no required dealer receipts, e.g., transfers of bait at sea and border transfers, the vessel owner can submit other documentation that documents such transactions and proves that the herring thus transferred should be added to their landings history. The owners of vessels that fished in pair trawl operations may provide landings information as specified in paragraph (a)(10)(iv)(B)(2)(iii) of this section. Landings made by a vessel that is being replaced may be used to qualify a replacement vessel consistent with the requirements specified in paragraph (a)(10)(iv)(B)(1)(ii) of this section and the permit splitting prohibitions in paragraph (a)(10)(iv)(N) of this section.

(ii) *Extension of eligibility period for landings criteria for vessels under construction, reconstruction or purchase contract.* An applicant who submits written evidence that a vessel was under construction, reconstruction, or was under written contract for purchase as of December 31, 2003, may extend the period for determining landings specified in paragraph (a)(10)(iv)(B)(3)(i) of this section through December 31, 2004.

(iii) *Landings criteria for vessels using landings from pair trawl operations.* See paragraph (a)(10)(iv)(B)(2)(iii) of this section.

(4) *CPH.* A person who does not currently own a fishing vessel, but owned a vessel that satisfies the permit eligibility requirements in paragraph (a)(10)(iv)(B) of this section that has sunk, been destroyed, or transferred to another person, but that has not been replaced, may apply for and receive a CPH that allows for a replacement vessel to obtain the relevant limited access herring permit if the fishing and permit history of such vessel has been retained lawfully by the applicant as specified in paragraph (a)(10)(iv)(B)(1)(ii) of this section and consistent with (a)(10)(iv)(N) of this section.

(C) *Eligibility for Incidental Catch Limited Access Herring Permit, and CPH.* A vessel is eligible for and may be issued an Incidental Limited Access Herring Permit if it meets the permit history criteria specified in paragraph (a)(10)(iv)(C)(1) of this section and the landings criteria in paragraph (a)(10)(iv)(C)(2) of this section.

(1) *Permit history criteria.* (i) The vessel must have been issued a Federal permit for Northeast multispecies, Atlantic mackerel, Atlantic herring, *Loligo* or *Illex* squid, or butterflyfish that was valid as of November 10, 2005; or

(ii) The vessel is replacing a vessel that was issued a Federal permit for Northeast multispecies, Atlantic mackerel, Atlantic herring, *Loligo* or *Illex* squid, or butterflyfish that was issued between November 10, 2003, and November 9, 2005. To qualify as a replacement vessel, the replacement vessel and the vessel being replaced must both be owned by the same vessel owner; or, if the vessel being replaced was sunk or destroyed, the vessel owner must have owned the vessel being replaced at the time it sunk or was destroyed; or, if the vessel being replaced was sold to another person, the vessel owner must provide a copy of a written agreement between the buyer of the vessel being replaced and the owner/seller of the vessel, documenting that the vessel owner/seller retained the herring permit and all herring landings history.

(2) *Landings criteria for Incidental Catch Limited Access Herring Permit.* (i) The vessel must have landed at least 15 mt of herring in any calendar year between January 1, 1988, and December 31, 2003, as verified by dealer reports submitted to NMFS or documented through valid dealer receipts, if dealer reports were not required by NMFS. In those cases where a vessel has sold herring but there are no required dealer receipts, e.g., transfers of bait at sea and border transfers, the vessel owner can submit other documentation that documents such transactions and proves that the herring thus transferred should be added to the vessel's landings history. The owners of vessels that fished in pair trawl operations may provide landings information as specified in paragraph (a)(10)(iv)(B)(2)(iii) of this section. Landings made by a vessel that is being replaced may be used to qualify a replacement vessel consistent with the requirements specified in paragraph (a)(10)(iv)(B)(1)(ii) of this section and the permit splitting prohibitions in paragraph (a)(10)(iv)(N) of this section.

(ii) *Extension of eligibility period for landings criteria for vessels under construction, reconstruction or purchase contract.* An applicant who submits written evidence that a vessel was under construction, reconstruction, or was under written contract for purchase as of December 31, 2003, may extend the period for determining landings specified in paragraph (a)(10)(iv)(C)(2)(i) of this section through December 31, 2004.

(3) *CPH.* A person who does not currently own a fishing vessel, but owned a vessel that satisfies the permit eligibility requirements in paragraph (a)(10)(iv)(C) of this section that has sunk, been destroyed, or transferred to another person, but that has not been replaced, may apply for and receive a CPH that allows for a replacement vessel to obtain the relevant limited access herring permit if the fishing and permit history of such vessel has been retained lawfully by the applicant as specified in paragraph (a)(10)(iv)(B)(1)(ii) of this section and consistent with (a)(10)(iv)(N) of this section.

(D) *Application/renewal restrictions.* (1) No one may apply for an initial limited

access Atlantic herring permit or a CPH under paragraph (a)(10)(iv)(L) of this section after May 31, 2008, or after the abandonment or voluntary relinquishment of permit history as specified in paragraph (a)(10)(iv)(M) of this section.

(2) An applicant who submits written proof that an eligible vessel was sold, with the seller retaining the herring history through a written agreement signed by both parties to the sale or transfer, may not utilize such history if the vessel's history was used to qualify another vessel for another limited access permit.

(3) All limited access permits established under this section must be issued on an annual basis by April 30, the last day of the year for which the permit is issued, unless a CPH has been issued as specified in paragraph (a)(10)(iv)(L) of this section. Application for such permits must be received no later than March 31, which is 30 days before the last day of the permit year. Failure to renew a limited access permit in any fishing year bars the renewal of the permit in subsequent years.

(E) *Qualification restriction.* See paragraph (a)(1)(i)(C) of this section.

(F) *Change in ownership.* See paragraph (a)(1)(i)(D) of this section.

(G) *Replacement vessels.* See paragraph (a)(1)(i)(E) of this section.

(H) *Upgraded vessel.* See paragraph (a)(1)(i)(F) of this section.

(I) *Consolidation restriction.* See paragraph (a)(1)(i)(G) of this section.

(J) *Vessel baseline specifications.* See paragraph (a)(1)(i)(H) of this section. If a herring CPH is initially issued, the vessel that provided the CPH eligibility establishes the size baseline against which future vessel size limitations shall be evaluated.

(K) *Limited access permit restrictions.* [Reserved]

(L) *Confirmation of Permit History.* See paragraph (a)(1)(i)(J) of this section.

(M) *Abandonment or voluntary relinquishment of permits.* See paragraph (a)(1)(i)(K) of this section.

(N) *Restriction on permit splitting.* See paragraph (a)(1)(i)(L) of this section. Notwithstanding paragraph (a)(1)(i)(L), vessel owners applying for a limited access herring permit who sold vessels

with limited access permits and retained the herring history before applying for the initial limited access herring permit may not use the herring history to qualify a vessel for the initial limited access herring permit, if the issuance of such permit would violate the restrictions on permit splitting. Furthermore, notwithstanding paragraph (a)(1)(i)(L), for the purposes of the Atlantic herring fishery, herrings landings history generated by separate owners of a single vessel at different times may be used to qualify more than one vessel, provided that each owner applying for a limited access permit, demonstrates that he/she created distinct fishing histories, and that such histories have been retained.

(O) *Appeal of denial of permit—(1) Eligibility.* Any applicant eligible to apply for a limited access herring permit who is denied such permit may appeal the denial to the Regional Administrator within 30 days of the notice of denial. Any such appeal may only be based on the grounds that the information used by the Regional Administrator was based on incorrect data. The appeal must be in writing, and must state the specific grounds for the appeal.

(2) *Appeal review.* The Regional Administrator shall appoint a designee who shall make the initial decision on the appeal. The appellant may request a review of the initial decision by the Regional Administrator by so requesting in writing within 30 days of the notice of the initial decision. If the appellant does not request a review of the initial decision within 30 days, the initial decision is the final administrative action of the Department of Commerce. Such review will be conducted by a hearing officer appointed by the Regional Administrator. The hearing officer shall make findings and a recommendation to the Regional Administrator, which shall be advisory only. Upon receiving the findings and the recommendation, the Regional Administrator shall issue a final decision on the appeal. The Regional Administrator's decision is the final administrative action of the Department of Commerce.

(3) *Status of vessels pending appeal.* A vessel denied a limited access herring permit may fish under the limited ac-

cess herring permit, provided that the denial has been appealed, the appeal is pending, and the vessel has on board a letter from the Regional Administrator authorizing the vessel to fish under the limited access category. The Regional Administrator shall issue such a letter for the pendency of any appeal. The letter of authorization must be carried on board the vessel. If the appeal is finally denied, the Regional Administrator shall send a notice of final denial to the vessel owner; the authorizing letter becomes invalid 5 days after receipt of the notice of denial, but no later than 10 days from the date of the letter of denial.

(v) *Open access herring permit.* A vessel that has not been issued a limited access Atlantic herring permit may obtain an open access incidental Atlantic herring permit to possess up to 6,600 lb (3 mt) of herring per trip, and is limited to one landing per calendar day.

(11) *Spiny dogfish vessels.* Any vessel of the United States that commercially fishes for, possesses, or lands spiny dogfish in or from the EEZ must have been issued and carry on board a valid commercial spiny dogfish vessel permit.

(12) *Tilefish vessels.* Any vessel of the United States must have been issued and carry on board a valid tilefish vessel permit to fish for, possess, or land tilefish in or from the tilefish management unit.

(i) *Limited access tilefish permits—(A) Eligibility.* A vessel may be issued a limited access tilefish permit if it meets any of the following limited access tilefish permit criteria, provided that the vessel landed the specified amounts of tilefish to meet such criteria within the tilefish management unit:

(1) *Full-time tier 1 category.* The vessel landed at least 250,000 lb (113,430 kg) of tilefish per year for any 3 years between 1993 and 1998, at least 1 lb (2.20 kg) of which was landed prior to June 15, 1993.

(2) *Full-time tier 2 category.* The vessel landed at least 30,000 lb (13,612 kg) per year for any of 3 years between 1993 and 1998, at least 1 lb (2.20 kg) of which was landed prior to June 15, 1993.

(3) *Part-time category.* The vessel landed 10,000 lb (4,537 kg) of tilefish in any 1 year between 1988 and 1993 and 10,000

lb (4,537 kg) in any 1 year between 1994 and 1998, or landed 28,000 lb (12,904 kg) of tilefish in any 1 year between 1984 and 1993, at least 1 lb (2.20 kg) of which was landed prior to June 15, 1993.

(B) *Application/renewal restriction—(I) Initial application.* A vessel owner must apply for an initial limited access tilefish permit before November 1, 2002, one year from the effective date of the regulations.

(2) For fishing years beyond the initial application year, the provisions of paragraph (a)(1)(i)(B) of this section apply.

(C) *Qualification restrictions.* The provisions of paragraph (a)(1)(i)(C) of this section apply.

(D) *Change in ownership.* The provisions of paragraph (a)(1)(i)(D) of this section apply.

(E) *Replacement vessels.* The provisions of paragraph (a)(1)(i)(E) of this section apply.

(F) *Upgraded vessel.* The provisions of paragraph (a)(1)(i)(F) of this section apply.

(G) *Consolidation restriction.* The provisions of paragraph (a)(1)(i)(G) of this section apply.

(H) *Vessel baseline specifications.* The provisions of paragraph (a)(1)(i)(H) of this section apply.

(I) *Limited access permit restrictions.* (1) A vessel may be issued a limited access tilefish permit for only one category during a fishing year.

(2) A vessel issued a limited access tilefish permit may not be issued an incidental catch tilefish permit during a fishing year.

(J) *Confirmation of permit history.* The provisions of paragraph (a)(1)(i)(J) of this section apply.

(K) *Abandonment or voluntary relinquishment of permits.* The provisions of paragraph (a)(1)(i)(K) of this section apply.

(L) *Restriction on permit splitting.* The provisions of paragraph (a)(1)(i)(L) of this section apply.

(M) *Appeal of denial of a permit.* (1) Any applicant denied a tilefish limited access permit may appeal to the Regional Administrator within 30 days of the notice of denial. Any such appeal shall be in writing. The only ground for appeal is that the Regional Administrator erred in concluding that the ves-

sel did not meet the criteria in paragraphs (a)(12)(i)(A)(I), (2), or (3) of this section. The appeal must set forth the basis for the applicant's belief that the decision of the Regional Administrator was made in error.

(2) The appeal may be presented, at the option of the applicant, at a hearing before an officer appointed by the Regional Administrator. The hearing officer shall make a recommendation to the Regional Administrator. The decision on the appeal by the Regional Administrator is the final decision of the Department of Commerce.

(3) *Status of vessels pending appeal.* A vessel denied a limited access tilefish permit may fish, provided that the denial has been appealed, the appeal is pending, and the vessel has on board a letter from the Regional Administrator authorizing the vessel to fish. The Regional Administrator will issue such a letter for the pendency of any appeal. The decision on the appeal is the final administrative action of the Department of Commerce. The letter of authorization must be carried on board the vessel. If the appeal is finally denied, the Regional Administrator shall send a notice of final denial to the vessel owner; the authorizing letter shall become invalid 5 days after receipt of the notice of denial.

(ii) *Tilefish incidental catch permit.* A vessel of the United States that is subject to these regulations and that has not been issued a limited access tilefish permit is eligible for and may be issued a tilefish incidental catch permit to possess or land tilefish in or from the tilefish management unit. Such vessel is subject to the restrictions in § 648.292.

(13) *Red Crab vessels.* Any vessel of the United States must have been issued and have on board a valid red crab vessel permit to fish for, catch, possess, transport, land, sell, trade, or barter, any red crab or red crab part in or from the EEZ portion of the Red Crab Management Unit.

(i) *Limited access red crab permit—(A) Eligibility.* A vessel, or its replacement, may be issued a limited access red crab permit if the vessel's total landings averaged greater than 250,000 lb (113,400 kg) of red crab per year for the 3 years

beginning March 1, 1997, through February 29, 2000. To calculate the average value per year, the total landings of whole red crab, or its equivalent by weight, between March 1, 1997, and February 29, 2000, inclusive, shall be divided by 3. If the quotient is greater than 250,000 lb (113,400 kg), the vessel meets the landings criteria. For example, if a vessel caught greater than 750,000 lb (340,200 kg) in the 3-year qualifying time span—even if it fished just 2 of those 3 years—the average per year would be greater than 250,000 lb (113,400 kg).

(B) *Application/renewal restriction*—(1) *Initial application for 2002*. A vessel owner must apply for an initial limited access red crab permit before April 8, 2003. No vessel owner may apply for an initial limited access red crab permit after this date.

(2) *Fishing years 2003 and beyond*. (i) For fishing years beyond the initial year, the provisions of paragraph (a)(1)(i)(B) of this section apply.

(ii) A limited-access permit holder may choose to declare out of the red crab fishery for the next fishing year by submitting a binding declaration on a form supplied by the Regional Administrator, which must be received by NMFS at least 180 days before the last day of the current fishing year. NMFS will presume that a vessel intends to fish during the next fishing year unless such binding declaration is received at least 180 days before the last day of the current fishing year. Any limited-access permit holder who has submitted a binding declaration must submit either a new binding declaration or a renewal application for the year after which they were declared out of the fishery.

(C) *Qualification restrictions*. The provisions of paragraph (a)(1)(i)(C) of this section apply.

(D) *Change in ownership*. The provisions of paragraph (a)(1)(i)(D) of this section apply.

(E) *Replacement vessels*. (1) To be eligible for a limited access permit under this section, the replacement vessel's length, GRT, and NT may not exceed by greater than 10 percent the length, GRT, and NT of the vessel's baseline specifications. The replacement vessel must also meet any other applicable

criteria under paragraph (a)(13)(i)(F) of this section.

(2) A vessel that lawfully replaced a vessel that meets the qualification criteria set forth in paragraph (a)(13)(i)(A) of this section may qualify for and fish under the permit category for which the replaced vessel qualified.

(3) A vessel that replaced a vessel that fished for and landed red crab between March 1, 1997, and February 29, 2000, may use the replaced vessel's history in lieu of or in addition to such vessel's fishing history to meet the qualification criteria set forth in paragraph (a)(13)(i)(A) of this section, unless the owner of the replaced vessel retained the vessel's permit or fishing history, or such vessel no longer exists and was replaced by another vessel according to the provisions in paragraph (a)(1)(i)(D) of this section.

(F) *Upgraded vessel*. A vessel may be upgraded, whether through refitting or replacement, and be eligible to retain or renew a limited access permit, provided that the vessel's length, GRT, and NT is increased no more than once. Any increase in any of the aforementioned specifications of vessel size may not exceed 10 percent of the vessel's baseline specifications, as applicable. If any increase in any of the aforementioned specifications of vessel size occurs, any increase in the other specifications must be performed at the same time.

(G) *Consolidation restriction*. The provisions of paragraph (a)(1)(i)(G) of this section apply.

(H) *Vessel baseline specifications*. The vessel baseline specifications in this section are the respective specifications (length, GRT, and NT) of the vessel indicated on the vessel's initial limited access permit as of the date the initial vessel applies for such permit.

(I) *Limited access permit restrictions*. A vessel issued a limited access red crab permit may not be issued a red crab incidental catch permit during the same fishing year.

(J) *Confirmation of permit history (CPH)*. Notwithstanding any other provisions of this part, a person who does not currently own a fishing vessel, but who has owned a qualifying vessel that has sunk, been destroyed, or transferred to another person and has not

been replaced, must apply for and receive a CPH that confirms the fishing and permit history of such vessel has been retained lawfully by the applicant. To be eligible to obtain a CPH, the applicant must show that the qualifying vessel met the eligibility requirements, as applicable, in this part. Issuance of a valid CPH preserves the eligibility of the applicant to apply for a limited access permit for a replacement vessel based on the qualifying vessel's fishing and permit history at a subsequent time, subject to the replacement provisions specified in this section. If fishing privileges have been assigned or allocated previously under this part, based on the qualifying vessel's fishing and permit history, the CPH preserves such fishing privileges. A CPH must be applied for in order for the applicant to preserve the fishing rights and limited access eligibility of the qualifying vessel. An application for a CPH must be received by the Regional Administrator no later than 30 days prior to the end of the first full fishing year in which a vessel permit cannot be issued. Failure to do so is considered abandonment of the permit as described in paragraph (a)(1)(i)(K) of this section. A CPH issued under this part will remain valid until the fishing and permit history preserved by the CPH is used to qualify a replacement vessel for a limited access permit. Any decision regarding the issuance of a CPH for a qualifying vessel that has applied for or been issued previously a limited access permit is a final agency action subject to judicial review under 5 U.S.C. 704. Information requirements for the CPH application are the same as those for a limited access permit. Any request for information about the vessel on the CPH application form refers to the qualifying vessel that has been sunk, destroyed, or transferred. Vessel permit applicants who have been issued a CPH and who wish to obtain a vessel permit for a replacement vessel based upon the previous vessel history may do so pursuant to paragraph (a)(13)(i)(E) of this section.

(K) *Abandonment or voluntary relinquishment of permits.* The provisions of paragraph (a)(1)(i)(K) of this section apply.

(L) *Restriction on permit splitting.* The provisions of paragraph (a)(1)(i)(L) of this section apply.

(M) *Notification of eligibility for 2002.* (1) NMFS will attempt to notify all owners of vessels for which NMFS has credible evidence that they meet the qualification criteria described in paragraph (a)(13)(i)(A) of this section and that they qualify for a limited access red crab permit. Vessel owners must still apply by April 8, 2003 to complete the qualification requirements.

(2) If the vessel owner has not been notified that the vessel is eligible to be issued a limited access red crab permit, and the vessel owner believes that there is credible evidence that the vessel does qualify under the pertinent criteria, the vessel owner may apply for a limited access red crab permit by April 8, 2003 by submitting evidence that the vessel meets the requirements described in paragraph (a)(13)(i)(A) of this section.

(N) *Appeal of denial of a permit.* (1) Any applicant denied a limited access red crab permit may appeal to the Regional Administrator within 30 days of the notice of denial. Any such appeal shall be in writing. The only ground for appeal is that the Regional Administrator erred in concluding that the vessel did not meet the criteria in paragraph (a)(13)(i)(A) of this section. The appeal must set forth in writing the basis for the applicant's belief that the decision of the Regional Administrator was made in error.

(2) The appeal may be presented, at the option of the applicant, at a hearing before an officer appointed by the Regional Administrator. The hearing officer shall make a recommendation to the Regional Administrator. The decision on the appeal by the Regional Administrator is the final decision of the Department of Commerce.

(3) *Status of vessels pending appeal.* A vessel denied a limited access red crab permit may fish for and land red crab as if a limited access permit had been issued, provided that the denial has been appealed, the appeal is pending, the vessel owner has presented prima facie evidence that the decision was made in error, and the vessel has on board a letter from the Regional Administrator authorizing the vessel to

fish. During the appeal, the vessel may only land up to 75,000 lb (34,019 kg) of red crab per trip. The Regional Administrator will issue such a letter for the pendency of any appeal. The decision on the appeal is the final administrative action of the Department of Commerce. The letter of authorization must be carried on board the vessel. If the appeal is finally denied, the Regional Administrator shall send a notice of final denial to the vessel owner; the authorizing letter shall become invalid 5 days after receipt of the notice of denial.

(ii) *Red crab incidental catch permit.* A vessel of the United States that is subject to these regulations and that has not been issued a red crab limited access permit is eligible for and may be issued a red crab incidental catch permit to catch, possess, transport, land, sell, trade, barter, up to 500 lb (226.8 kg) of red crab, or its equivalent as specified at § 648.263(a)(2)(i) and (ii), per fishing trip in or from the Red Crab Management Unit. Such vessel is subject to the restrictions in § 648.263(b).

(14) *Skate vessels.* Any vessel of the United States must have been issued and have on board a valid skate vessel permit to fish for, possess, transport, sell, or land skates in or from the EEZ portion of the Skate Management Unit.

(b) *Permit conditions.* (1)(i) Any person who applies for and is issued or renews a fishing permit under this section agrees, as a condition of the permit, that the vessel and the vessel's fishing activity, catch, and pertinent gear (without regard to whether such fishing occurs in the EEZ or landward of the EEZ; and without regard to where such fish or gear are possessed, taken, or landed); are subject to all requirements of this part, unless exempted from such requirements under this part. All such fishing activities, catch, and gear will remain subject to all applicable state requirements. Except as otherwise provided in this part, if a requirement of this part and a management measure required by a state or local law differ, any vessel owner permitted to fish in the EEZ for any species managed under this part, except tilefish, must comply with the more restrictive requirement. Except as otherwise provided in this part, if a require-

ment of this part and a management measure required by a state or local law differ, any vessel owner permitted to fish in the tilefish management unit for tilefish managed under this part must comply with the more restrictive requirement. Owners and operators of vessels fishing under the terms of a summer flounder moratorium, scup moratorium, or black sea bass moratorium; or a spiny dogfish or bluefish commercial vessel permit, must also agree not to land summer flounder, scup, black sea bass, spiny dogfish, or bluefish, respectively, in any state after NMFS has published a notification in the FEDERAL REGISTER stating that the commercial quota for that state or period has been harvested and that no commercial quota is available for the respective species. A state not receiving an allocation of summer flounder, scup, black sea bass, or bluefish, either directly or through a coast-wide allocation, is deemed to have no commercial quota available. Owners and operators of vessels fishing under the terms of the tilefish limited access permit must agree not to land tilefish after NMFS has published a notification in the FEDERAL REGISTER stating that the quota for the tilefish limited access category under which a vessel is fishing has been harvested. Owners or operators fishing for surfclams and ocean quahogs within waters under the jurisdiction of any state that requires cage tags are not subject to any conflicting Federal minimum size or tagging requirements. If a surfclam and ocean quahog requirement of this part differs from a surfclam and ocean quahog management measure required by a state that does not require cage tagging, any vessel owners or operators permitted to fish in the EEZ for surfclams and ocean quahogs must comply with the more restrictive requirement while fishing in state waters. However, surrender of a surfclam and ocean quahog vessel permit by the owner by certified mail addressed to the Regional Administrator allows an individual to comply with the less restrictive state minimum size requirement, as long as fishing is conducted exclusively within state waters.

(ii) Any person who applies for or has been issued a limited access or moratorium permit on or after September 4, 2007 agrees, as a condition of the permit, that the vessel may not fish for, catch, possess, or land, in or from Federal or state waters, any species of fish authorized by the permit, unless and until the permit has been issued or renewed in any subsequent permit year, or the permit either has been voluntarily relinquished pursuant to paragraph (a)(1)(i)(K) of this section or otherwise forfeited, revoked, or transferred from the vessel.

(2) A vessel that is issued or renewed a limited access or moratorium permit on or after September 4, 2007 for any fishery governed under this section is prohibited from fishing for, catching, possessing, and/or landing any fish for which the vessel would be authorized under the respective limited access or moratorium permit in or from state and/or Federal waters in any subsequent permit year, unless and until the limited access or moratorium permit has been issued or renewed pursuant to paragraph (a)(1)(i)(B) of this section and the valid permit is on board the vessel. This prohibition does not apply to a vessel for which the limited access or moratorium permit has been voluntarily relinquished pursuant to paragraph (a)(1)(i)(K) of this section or otherwise forfeited, revoked, or transferred from the vessel.

(c) *Permit applications*—(1) *General*. Applicants for a permit under this section must submit a completed application on an appropriate form obtained from the Regional Administrator. The application must be signed and submitted to the Regional Administrator at least 30 days before the date on which the applicant desires to have the permit made effective. The Regional Administrator will notify the applicant of any deficiency in the application pursuant to this section. Vessel owners who are eligible to apply for limited access or moratorium permits under this part shall provide information with the application sufficient for the Regional Administrator to determine whether the vessel meets the applicable eligibility requirements specified in this section.

(2) *Vessel permit information requirements*. (i) An application for a permit issued under this section, in addition to the information specified in paragraph (c)(1) of this section, also must contain at least the following information, and any other information required by the Regional Administrator: Vessel name, owner name or name of the owner's authorized representative, mailing address, and telephone number; USCG documentation number and a copy of the vessel's current USCG documentation or, for a vessel not required to be documented under title 46 U.S.C., the vessel's state registration number and a copy of the current state registration; a copy of the vessel's current party/charter boat license (if applicable), home port and principal port of landing, length overall, GRT, NT, engine horsepower, year the vessel was built, type of construction, type of propulsion, approximate fish hold capacity, type of fishing gear used by the vessel, number of crew, number of party or charter passengers licensed to be carried (if applicable), permit category, if the owner is a corporation, a copy of the current Certificate of Incorporation or other corporate papers showing the date of incorporation and the names of the current officers of the corporation, and the names and addresses of all shareholders owning 25 percent or more of the corporation's shares; if the owner is a partnership, a copy of the current Partnership Agreement and the names and addresses of all partners; if there is more than one owner, the names of all owners having a 25-percent interest or more; and permit number of any current or, if expired, previous Federal fishery permit issued to the vessel.

(ii) An application for an initial limited access multispecies hook-gear permit must also contain the following information:

(A) If the engine horsepower was changed or a contract to change the engine horsepower had been entered into prior to July 1, 1996, such that it is different from that stated in the vessel's most recent application for a Federal fisheries permit before July 1, 1996, sufficient documentation to ascertain the different engine horsepower. However, the engine replacement must be

Fishery Conservation and Management

§ 648.4

completed within 1 year of the date on which the contract was signed.

(B) If the length, GRT, or NT was changed or a contract to change the length, GRT, or NT had been entered into prior to July 1, 1996, such that it is different from that stated in the vessel's most recent application for a Federal fisheries permit, sufficient documentation to ascertain the different length, GRT, or NT. However, the upgrade must be completed within 1 year from the date on which the contract was signed.

(iii) An application for a limited access NE multispecies permit must also contain the following information:

(A) For vessels fishing for NE multispecies with gillnet gear, with the exception of vessels fishing under the Small Vessel permit category, an annual declaration as either a Day or Trip gillnet vessel designation as described in § 648.82(k). A vessel owner electing a Day or Trip gillnet designation must indicate the number of gillnet tags that he/she is requesting, and must include a check for the cost of the tags. A permit holder letter will be sent to the owner of each eligible gillnet vessel, informing him/her of the costs associated with this tagging requirement and providing directions for obtaining tags. Once a vessel owner has elected this designation, he/she may not change the designation or fish under the other gillnet category for the remainder of the fishing year. Incomplete applications, as described in paragraph (e) of this section, will be considered incomplete for the purpose of obtaining authorization to fish in the NE multispecies gillnet fishery and will be processed without a gillnet authorization.

(B) [Reserved]

(iv) An application for a scallop permit must also contain the following information:

(A) For every person named by applicants for limited access scallop permits pursuant to paragraph (c)(2)(i) of this section, the names of all other vessels in which that person has an ownership interest and for which a limited access scallop permit has been issued or applied for.

(B) If applying for a VMS general scallop permit, or full-time or part-

time limited access scallop permit, or if opting to use a VMS unit, a copy of the vendor installation receipt or proof of vendor activation of the VMS from a NMFS-approved VMS vendor. NMFS-approved vendors are described in § 648.9.

(C) If applying to fish under the small dredge program set forth under § 648.51(e), an annual declaration into the program.

(v) An application for a surf clam and ocean quahog permit must also contain the pump horsepower.

(vi) Prior to issuance of a limited access Atlantic herring permit, a VMS unit provided by a NMFS-approved vendor must be installed and NMFS must receive a notice from the vendor that the VMS is activated.

(d) *Fees.* The Regional Administrator may charge a fee to recover administrative expenses of issuing a permit required under this section. The amount of the fee is calculated in accordance with the procedures of the NOAA Finance Handbook, available from the Regional Administrator, for determining administrative costs of each special product or service. The fee may not exceed such costs and is specified with each application form. The appropriate fee must accompany each application; if it does not, the application will be considered incomplete for purposes of paragraph (e) of this section. Any fee paid by an insufficiently funded commercial instrument shall render any permit issued on the basis thereof null and void.

(e) *Issuance.* (1) Except as provided in subpart D of 15 CFR part 904, the Regional Administrator shall issue a permit within 30 days of receipt of the application, unless the application is deemed incomplete for the following reasons:

(i) The applicant has failed to submit a complete application. An application is complete when all requested forms, information, documentation, and fees, if applicable, have been received and the applicant has submitted all applicable reports specified in § 648.7;

(ii) The application was not received by the Regional Administrator by the applicable deadline set forth in this section;

§ 648.4, Nt.

50 CFR Ch. VI (10–1–07 Edition)

(iii) The applicant and applicant's vessel failed to meet all applicable eligibility requirements set forth in this section;

(iv) The applicant applying for a limited access multispecies combination vessel or individual DAS permit, a full-time or part-time limited access scallop permit, or electing to use a VMS, has failed to meet all of the VMS requirements specified in §§ 648.9 and 648.10; or

(v) The applicant has failed to meet any other application requirements stated in this part.

(2) *Incomplete applications.* Upon receipt of an incomplete or improperly executed application for any permit under this part, the Regional Administrator shall notify the applicant of the deficiency in the application. If the applicant fails to correct the deficiency within 30 days following the date of notification, the application will be considered abandoned.

(f) *Change in permit information.* Any change in the information specified in paragraphs (c)(2) or (c)(3) of this section must be submitted by the applicant in writing to the Regional Administrator within 15 days of the change, or the permit is void.

(g) *Expiration.* A permit expires upon the renewal date specified in the permit.

(h) *Duration.* A permit will continue in effect unless it is revoked, suspended, or modified under 15 CFR part 904, or otherwise expires, or ownership changes, or the applicant has failed to report any change in the information on the permit application to the Regional Administrator as specified in paragraph (f) of this section. However, the Regional Administrator may authorize the continuation of a permit if the new owner so requests. Applications for permit continuations must be addressed to the Regional Administrator.

(i) *Alteration.* Any permit that has been altered, erased, or mutilated is invalid.

(j) *Reissuance.* A permit may be reissued by the Regional Administrator when requested in writing, stating the need for reissuance, the name of the vessel (if applicable), and the fishing permit number assigned. An applica-

tion for the reissuance of a permit will not be considered a new application. The fee for a reissued permit shall be the same as for an initial permit.

(k) *Transfer.* A permit issued under this part is not transferable or assignable. A permit will be valid only for the fishing vessel, owner and/or person for which it is issued.

(l) *Display.* A vessel permit must be carried, at all times, on board the vessel for which it is issued and shall be subject to inspection upon request by any authorized officer. A person issued a permit under this section must be able to present the permit for inspection when requested by an authorized officer. Permits must be maintained in legible condition.

(m) *Sanctions.* The Assistant Administrator may suspend, revoke, or modify, any permit issued or sought under this section. Procedures governing enforcement-related permit sanctions or denials are found at subpart D of 15 CFR part 904.

[61 FR 34968, July 3, 1996]

EDITORIAL NOTE: For FEDERAL REGISTER citations affecting § 648.4, see the List of CFR Sections Affected, which appears in the Finding Aids section of the printed volume and on GPO Access.

EFFECTIVE DATE NOTES: 1. At 72 FR 20958, Apr. 27, 2007, § 648.4 was amended by suspending paragraphs (a)(9)(i)(A)(6) and (7) and adding paragraphs (a)(9)(i)(A)(8) and (9), effective May 1, 2007 through Oct. 27, 2007. At 72 FR 53942, Sept. 21, 2007, the expiration date was changed to Oct. 22, 2007.

2. At 72 FR 43191, Aug. 3, 2007, § 648.4(a)(1)(i)(E) was revised, effective Jan. 1, 2008. For the convenience of the user, the revised text is set forth as follows:

§ 648.4 Vessel permits.

(a) * * *

(1) * * *

(i) * * *

(E) *Replacement vessels.* With the exception of vessels that have obtained a limited access Handgear A permit described in § 648.82(b)(6), an owner of a vessel that has been issued any limited access or moratorium permit under this section is limited to one vessel replacement per permit year, using the earliest permit year start date of the limited access or moratorium permits for which the vessel is eligible, unless the vessel has been rendered inoperable and non-repairable. To be eligible for a limited access or moratorium permit under this section,

Fishery Conservation and Management

§ 648.5

the replacement vessel must meet the following criteria and any other applicable criteria under paragraph (a)(1)(i)(F) of this section:

* * * * *

3. At 72 FR 51702, Sept. 11, 2007, § 648.4 was amended by adding paragraph (a)(4)(ii), effective Jan. 1, 2008. For the convenience of the user, the added text is set forth as follows:

§ 648.4 Vessel permits.

(a) * * *

(4) * * *

(ii) *VMS Requirement.* (A) *Surfclam and ocean quahog open access permits.* In order to be eligible for issuance of an open access surfclam or ocean quahog permit, the vessel owner must have installed on the vessel an operational VMS unit that meets the criteria set forth in § 648.9. The vessel owner/operator must activate the VMS unit and provide verification of vendor activation from a NMFS-approved VMS vendor as described in § 648.9. Verification is done by completing, signing, and mailing or faxing a VMS certification form to the NMFS Northeast Region Office of Law Enforcement.

(B) *Maine mahogany quahog limited access permit.* In order to be eligible for issuance of a Maine mahogany quahog permit, the vessel owner must have installed on the vessel an operational VMS unit that meets the criteria set forth in § 648.9. By January 1, 2009, unless otherwise exempted under paragraph (a)(4)(ii)(B)(1) of this section. The vessel owner/operator must activate the VMS unit and provide verification of vendor activation from a NMFS-approved VMS vendor as described in § 648.9. Verification is done by completing, signing, and mailing or faxing a VMS certification form to the NMFS Northeast Region Office of Law Enforcement.

(1) *Special VMS exemption for Maine mahogany quahog vessels.* Vessel owners eligible to renew a limited access Maine mahogany quahog permit may do so without proof of installation of a VMS, provided the vessel does not fish for, catch, or possess; or attempt to fish for, catch, or possess; Maine mahogany quahogs. Proof of VMS installation must be provided to the NMFS Northeast Region Office of Law Enforcement prior to departure on any fishing trip on which ocean quahogs may be caught or landed. Once a vessel issued a Maine mahogany quahog permit has elected to participate in the Maine mahogany quahog fishery, the vessel must keep the VMS unit turned on and functioning as specified under § 648.9. Once a limited access Maine mahogany quahog permitted vessel has participated in the Maine mahogany quahog fishery, this exemption no longer applies.

(2) [Reserved]

4. At 72 FR 53949, Sept. 21, 2007, § 648.4 was amended by revising the headings for paragraphs (a)(9)(i)(A)(6) and (7), effective Oct. 22, 2007. For the convenience of the user, the revised text is set forth as follows:

§ 648.4 Vessel permits.

(a) * * *

(9) * * *

(i) * * *

(A) * * *

(6) *Category G permit (vessels restricted to fishing south of 38°40' N. lat. As described in § 648.92(b) that do not qualify for a monkfish limited access Category A, B, C, or D permit).* * * *

(7) *Category H permit (vessels restricted to fishing south of 38°40' N. lat. As described in § 648.92(b) that do not qualify for a monkfish limited access Category A, B, C, D, or G permit).* * * *

* * * * *

§ 648.5 Operator permits.

(a) *General.* Any operator of a vessel fishing for or possessing: Atlantic sea scallops in excess of 40 lb (18.1 kg); NE multispecies, spiny dogfish, monkfish, Atlantic herring, Atlantic surfclam, ocean quahog, Atlantic mackerel, squid, butterfly, scup, black sea bass, or Atlantic bluefish, harvested in or from the EEZ; tilefish harvested in or from the EEZ portion of the Tilefish Management Unit; skates harvested in or from the EEZ portion of the Skate Management Unit; or Atlantic deep-sea red crab harvested in or from the EEZ portion of the Red Crab Management Unit, issued a permit, including carrier and processing permits, for these species under this part, must have been issued under this section, and carry on board, a valid operator permit. An operator's permit issued pursuant to part 622 or part 697 of this chapter satisfies the permitting requirement of this section. This requirement does not apply to operators of recreational vessels.

(b) *Operator permit application.* Applicants for a permit under this section must submit a completed application on an appropriate form provided by the Regional Administrator. The application must be signed by the applicant and submitted to the Regional Administrator at least 30 days before the date
